

NOTICE TO ALL RESIDENTS

COVID-19 HOME TEST KITS

The Gardner Housing Authority received at home COVID-19 test kits from the Gardner Board of Health for GHA residents. There are two tests per kit. The test kits are available upon request at the Housing Authority office. Please call or inquire at the office for more information: 978-632-6627.

Due to the increase number of positive cases in the Gardner community the Health Dept. advises wearing a mask in all indoor settings outside of your household. The Housing Authority also has masks available upon request.

*****Best wishes for happy, healthy and safe holidays!*****
